WILL SOON FIX CANAL RATES

(Associated Press Cable.)

WASHINGTON, D. C., Dec. 28.—

One of the most important conferences, so far as worldwide results are concerned, was held in the White House today between President Taft, Secretary of State Knox, Secretary of War Dickinson and a number of Congressmen.

The subject under discussion was the formulation of legislation in connection with the Panama Canal. Not only was the question of fortifying the Canal Zone gone over, but new questions of rules governing the canal were gone into.

The proposal that all American warships should be passed through the canal free of charge was one of the important matters discussed.

The most important question under consideration, however, was that affecting the American merchant marine. It was proposed that all American merchant ships should be charged a lower rate to go through the canal than a foreign vessel.

This question, it is understood, raised considerable discussion, with a final trend of opinion in favor of discrimination in behalf of the American ships.

In this connection, the question as to whether the government shall operate coal yards and drydocks in the Canal Zone also came up for discussion.

What all the conferees agreed upon was that there should be quick legislation to solve these problems, and a bill will be introduced in Congress embodying the final results of the conference.

ITALIAN RAILWAYS

FEAR BIG STRIKE

ROME, Dec. 28.—One hundred and forty-six thousand employees on the railways of Italy threaten a gigantic strike to enforce their demand for an increase of wages. The government is preparing to call out troops to quell any disturbances, if necessary. Most of the lines are owned or controlled by the government. The wages paid average less than a dollar a day.

WILL TRY COMMISSION PLAN OF GOVERNMENT

SPOKANE, Dec. 28.—This city has adopted the commission plan of government, based on the Des Moines and Galveston ideas along this line. It is proposed to inaugurate the new system of municipal control as soon as possible after the new year.

HOGAN AND BURNS ARE TO HAVE BOUT

SAN FRANCISCO, Dec. 28.—Hogan and Frankie Burns have been matched to fight twenty rounds here on January 27. The articles of agreement were signed today.

INDICTMENTS BY HUNDREDS.

WEST UNION, O., Dec. 28.—The grand jury today returned indictments against one hundred and six citizens of this county, charged with fraudulent voting last November. This makes a total of nine hundred and ninety-eight indictments returned, with an approximate number of arrests.

MONOPLANE MAKES RECORD.

NEW ORLEANS, Dec. 28.—Rene Simen, in a monoplane, today made a world's record for one mile around a circular track in his machine, in spite of a twenty-mile wind which was blowing. The new record is 57 seconds flat.

BETROTHAL RESULT OF TRIP TO HAWAII

SAN JOSE, Dec. 18.—The secret of a romance that grew out of a trip to the Hawaiian Islands is contained in the announcement made by Mr. and Mrs. J. B. Roberts, 135 South Tenth street, this city, of the engagement of their daughter, Miss Ruby Roberts, Stanford graduate, to Stanley Richardson of Maui, Hawaii.

Miss Roberts, who is a fascinating girl, accompanied her parents on a tour of the Hawaiian Islands last summer, when she met Richardson, who has a large mercantile business at Maui. His home is at Los Angeles and he is a graduate of the University of California and of Yale.

Miss Roberts accompanied her parents to the islands last summer with the intention of teaching school there.

The announcement of her engagement with Richardson was made today at a tea given at the Roberts home. The violet, the favorite flower of Miss Roberts, was the keynote of the decorative scheme at the tea and was followed out in all the details. A number of the college chums of Miss Roberts assisted her in receiving the guests, who numbered more than a hundred.

A single column measure might seem inadequate to illustrate the interior of a large office. It demonstrates, however, the economy of the "Elastic" Filing devices in the use of floor space—without, however, any restriction on filing capacity.
